What is the DCS?

"Since drivers like to know their delivery schedule in advance, and because PigeonShip needs dependable drivers, we have introduced the Driver Commitment Schedule (DCS). This agreement assumes you are available and prepared to deliver according to your provided schedule. In return, PigeonShip will guarantee you work for those days."

It allows both parties to work with a trust that there is consistent work and enough drivers available to deliver it. That is what the DCS accomplishes. When a driver agrees to the DCS the days they schedule are the days they are committing to drive. By delivering all of their scheduled days a driver will receive daily route pay, weekly bonuses and the benefits of the Referral driver program. But when a driver defaults by missing a scheduled day they forfeit their accumulated bonus for that week.

Why have the DCS?

PigeonShip has a variety of clients across North America, some of which require "full-time" driver support. This means PigeonShip in turn commits to and requires a commitment from our drivers for their schedule. We ensure there is available work for the drivers and the drivers ensure they are committed to work on the days scheduled. By complying to the DCS drivers will receive rewards and higher earning potential.

CEO's Commitment

"We created the Driver Commitment Schedule to give our drivers the assurance that we care and continually are striving for their success. As a driver commits to the DCS we in turn commit to them. Drivers are the life-blood of who we are and we want to see them succeed!"

7 Benefits of the joining the DCS Program

Driver's Commitment

A Driver who joins the DCS is committing to the schedule they provide PigeonShip. This means if Driver A commits to deliver Monday – Friday, they will go to the warehouse everyone of those days. If a driver is unable to deliver on a scheduled day they must notify PigeonShip support of all time off requests 72 hours in advance to not receive any fines for defaulting on the DCS Program.

Fines & Standby Pay Structure

Fines: Non-compliant drivers will have their bonuses removed for the week

- If they don't arrive at the warehouse for a scheduled day
- If this happens twice they will receive a fine
- If a third time PigeonShip will deactivate their account.

Standby Pay: Compliant drivers with no route will receive standby pay

- If they sign in by 6:05 AM at the warehouse on their scheduled day
- Drivers who sign in after 6:05 AM will not receive the standby pay
